SPA

Zonair3D™ seeks to create pure air, become a lung for our cities and improve people's quality of life.

PURE AIR, JUST

We are passionate about creating pure air and improving quality of life; from schools to offices and industry to public spaces, such as shopping centres, cinemas, car parks, swimming pools and, naturally, our homes. Zonair3D™ has designed a range of products tailored to suit every need.

ZONAIR3D is a Spanish company established in all 5 continents whose objective is to develop air purification systems.

In partnership with the best institutions and scientific research centres, we have developed air purification systems aimed at providing responses to latent requirements in fields such as health, welfare or construction among others.

In order to win the trust of our clients, all our products are certified by official standards and clinical studies published by leading doctors in their field.

BREATHE

BRING YOUR GUESTS CLOSER TO PURE LIVING

Air pollution has been recognized as a major **health problem** which increases in areas such as airports affecting everyone. Moreover, **direct associations** have been found between **pollution** and **respiratory symptoms**, asthma exacerbations, lung growth and development of asthma.

Zonair3D™ transforms spaces into **pure atmospheres**, creating exclusive surroundings, an oasis of purity and well-being, a safer place than others. It converts your space into a lung for your city.

WELLBEING

Our body fights everyday against external pollutants, which produce stress, dehydration and premature cellular aging, as well as physical discomfort, breathing problems and potential diseases associated to air pollution.

With Zonair3D™, feeling good is synonymous with breathing. And that is not only because it protects us from environmental pollutions, but because it provides us with an exceptional air purity.

Clean air fills your body and you feel good with that purity. Close your eyes and relax while breathing in the pleasure of wellness.

Look after yourself inside and out.
